

2020

KOOB FUND CAMPAIGN

In the last 13 years, 241 students have applied for the **Koob Fund for Community Engagement Scholarship** and only 121 students have received support. This fund provides scholarships for UNI students completing unpaid internships at nonprofit organizations in Iowa. We want to **close this funding gap** in order to be able to fund ALL students who apply. This Annual Giving Campaign is designed as a learning experience in fundraising for our UNI Nonprofit Leadership Alliance students.
